**CURRICULUM COMMITTEE : CONSTITUTION**

The main function of the curriculum committee is that of primary responsibility for the development, review, renewal, and recommendation of curriculum to be approved by the Board of Trustees. Curriculum renewal and development necessarily reflect the collegial decision to meet student needs for course work that is encompassed within basic skills, general education, transfer, and major programs of study, which include a wide array of occupational and liberal arts disciplines and areas. Effective curriculum renewal and development require that the curriculum committee of each college utilize standards of practice that ensure the highest possible quality for the curriculum offerings that can be made available within allocated resources.
